### From the Hanly Learning Community Learning Pit:

In Art this term we have been exploring collage using Jeannie Baker's inspirational picture book, *Playing with Collage*. Jeannie Baker is an author and artist who has created many stunning picture books whose pages are filled with photographs of her collage creations. Jeannie's books include, *Where the Forest Meets the Sea* and *Window*. We have been inspired by the book to create paper collages and we have discussed and collected items for a nature collage. Last week we co-constructed group nature collages using materials from our collections. This week we will be creating individual A4 sized nature collages. There are materials at school, but if your child would like to bring some additional items to add to their collage for Art on Tuesday, they are most welcome. Materials can come in on Monday or Tuesday. Maybe your child would like to make a nature collage with a beach theme or you may have some interesting or colourful materials in your garden at home. Please don't send sand for a beach collage. We can take it from the sandpit! :-)

Congratulations to Summer Steverink, Austen Fox, Emmersynn Mason (goal number 2 for this term!), Thiago Da Silva and Mikayla Foster for achieving your reading goal. We are so proud of your efforts!

Have a great week!
