From the Polding Learning Community Learning Pit:

In Mathematics this week, we are exploring decimals and relating this to the concepts of money and fractions. Students are continuing to present their persuasive speeches in English and their Year 4 peers have been considering how persuasive they have been with their point of view. This week we continue to pray for our deceased relatives and friends using the prayer cards which students include in our morning prayer time. It's great news that we are closer now to our 2 day replacement camp excursions and fun day. We look forward to creating the joy in Week 7.
